INSTRUCTIONS FOR FIXED CAR CHARGERS

EN

Read this manual and especially the safety warnings before using the product.
Keep the manual for future reference, include it when handing over the product to a third party.
FIXED.zone a.s. is not responsible for injury or damage to health or property resulting from improper use of the product.

SAFETY NOTICE – CHARGER

Do not use the product while driving. Keep all connected cables out of the driver's reach. Never insert metal objects such as keys or paper clips into the product's openings. To prevent malfunctions or damage to the product, avoid dropping the product, squeezing the product, twisting the product, or applying excessive pressure to the product. Protect from moisture, water, and other liquids. If the product comes into contact with water, moisture or any liquid, do not use it to avoid electric shock or damage to the product. Do not expose your product to a heat source, direct sunlight, or place it on a heater, stove, or other heat sources such as the dashboard of a car in summer. Never use the product unsupervised. The surface may become hot during operation. Do not cover the product with anything during use. Never use the product when moving from cold to heat. Condensation may form and damage the product. Wait for the product to reach room temperature. This may take several hours. Application temperature: 0–40 °C. Do not attempt to modify, repair or disassemble the product in any way. If the product is damaged, do not use it. Never use aggressive cleaning agents, alcohol or other chemical cleaning solutions as they may damage the surface or functionality of the product. Disconnect all connected cables before cleaning. Do not immerse the product in water or other liquids. There are no user-repairable parts inside the product. Never disassemble the product. Keep the product out of the reach of children. Never allow children or persons with disabilities to use electrical equipment unsupervised. Make sure that children do not play with the plastic packaging. They may swallow small parts and suffocate.

USE – CHARGER

1. Before charging your device, make sure that its technical characteristics (voltage, current) are compatible with the charger.
2. Connect the USB cable to your device.
3. Connect the USB cable from your device to the USB port of the charger.
4. Plug the charger into the car socket (12 or 24 V DC) of your car. Your device will start charging. It will automatically stop when charging is complete.
5. After use, disconnect the charger from the car socket and the USB cable from the charger and from your device.

CLEANING – CHARGER

Disconnect all cables before cleaning. If necessary, clean the charger with a damp cloth and allow it to dry completely before use. Use a clean brush with soft, long bristles to remove dust on the connectors. Do not use any solvents, corrosive or gaseous cleaning agents. Make sure that no water or other liquids have entered the unit.

TECHNICAL SPECIFICATION – CHARGER

Input: DC 12V~24V
USB-C output: PD20W,5V/3A,9V/2.22A,12V/1.67A
USB output: 5V/3A, 9V/2A, 12V/1.5A
C+A output: 5V/3A
Power: 20W max

STORAGE

Store the product in a clean and dry environment. Do not leave in direct sunlight.

TROUBLESHOOTING

In case of problems with the product, you can contact our support at www.fixed.zone/podpora.

DISPOSAL OF THE PRODUCT

(Applicable in countries with separate collection systems for recyclable materials).
Old products must not be disposed of with household waste! If the product no longer works, dispose of it in accordance with the applicable regulations in your country.
This ensures that old products are recycled in a professional manner and also eliminates negative consequences for the environment. For this reason, the electrical equipment is marked with the symbol shown here.

This product is CE marked in accordance with the provisions of the EMC Directive 2014/30/EU and RoHS Directive 2011/65/EU. FIXED.zone a.s. hereby declares that this product complies with the essential requirements and other relevant provisions of the EMC Directives 2014/30/EU and 2011/65/EU.
